The Group's combined financial information were prepared in a manner similar to the "pooling of interests" method as if the corporate reorganisation had been completed on the dates of incorporation of the subsidiaries under common control. Such manner of presentation reflects the economic substance of the combining companies, which were under common control throughout the relevant period, as a single economic enterprise, although certain of the legal parent-subsidiary relationships were not established until on and after 25 September 2007. These combined financial statements are the combination or aggregation of all the financial statements of the companies of our Group.

### 1(a)(ii) Explanatory notes to the income statement – FY 2007 vs FY 2006

#### (a) Revenue

		FY 2007 S\$'000	FY 2006 S\$'000	Change %
Revenue		60,336	29,517	104%
REIT base and performance fees	(i)	33,555	28,069	20%
Acquisition fees	(ii)	10,222	=	n.m.
Portfolio management and service fees	(iii)	7,648	1,448	428%
Private fund performance fees	(iv)	8,911	=	n.m.

n.m.: not meaningful

- (i) The increase in REIT base and performance fees was primarily due to higher property values and net property income in the REITs managed by the Group.
- (ii) The increase in acquisition fees was primarily due to an acquisition fee of \$9.4 million received by the Group from the acquisition by Suntec REIT of its one-third interest in One Raffles Quay which was completed on 30 October 2007. The Group also recorded acquisition fees for the acquisition of certain units in Prosperity Center by Prosperity REIT in January 2007, acquisition of Kelana Brem Towers by AmFIRST REIT in June 2007, and the acquisition by Suntec REIT of State Land along Penang Road in July 2007.
- (iii) Portfolio management fees and service fees increased from S\$1.4 million in FY 2006 to S\$7.6 million in FY 2007 due to portfolio management fees from the ARA Asia Dragon Fund and the ARA Asian Asset Income Fund, as well as advisory fees for corporate advisory services rendered to Suntec REIT for its acquisition of its one-third interest in One Raffles Quay.
- (iv) The Group recognized performance fees of S\$8.9 million in 4Q 2007 from the divestment of the underlying assets in the Al Islami Far Eastern Real Estate Fund ("AIFEREF"), a Shariah-compliant private real estate fund established by us in August 2004, in October 2007.

### (b) Other income

Other income comprise primarily of distribution income, interest income and gain on fair valuation of held-for-trading securities. Distribution income increased from \$\$0.4 million in FY 2006 to \$\$1.2 million in FY 2007, primarily due to an increase in the number of REIT units received by the Group as part payment of the base and performance fees of those REITs. Interest income increased from \$\$0.2 million in FY 2006 to \$\$0.5 million in FY 2007 mainly from higher cash deposit placements following the initial public offering of the Group. The Group had recorded a gain on fair valuation of \$\$1.2 million on REIT units received by the Group as part payment of the base and performance fees of those REITs in FY 2006.

### (c) Administrative expenses

Administrative expenses comprise primarily of staff-related expenses, directors' fees and strategic advisory fees. The increase was largely attributed to the increase in headcount to meet the Group's growing business operations, and a one-off bonus of \$\$0.9 million payable to certain employees in relation to the performance fees earned arising from the divestment of the underlying assets in AIFEREF under the Group's performance based bonus scheme.

#### (d) Operating lease expenses

The increase in operating lease expenses was due to an expansion of our office premises to accommodate the increase in headcount of our Group.

### (e) Other expenses

Other expenses comprise primarily of other staff-related expenses such as travelling expenses, telecommunication expenses, legal & professional fees (including auditors' remuneration, company secretarial and share registrar fees), insurance, depreciation, listing and board meeting expenses and other miscellaneous expenses. Included in other expenses for FY 2007 was a loss on fair valuation of S\$1.5 million on REIT units received by the Group as part payment of the base and performance fees of those REITs. The Group also recorded net foreign exchange losses in FY 2007 of S\$1.3 million comprising

primarily of (i) unrealised losses arising from the conversion of the Group's accounts from HKD to SGD, and (ii) a one-off realized loss arising from the payment of interim dividends prior to the IPO of our Company, as a result of the strengthening of the SGD against the HKD.

### (f) Finance costs

The increase in finance costs was primarily due to interest on borrowings of RM44.5 million (equivalent to approximately S\$19.6 million) taken up to partly finance the acquisition of a 12.5% interest in AmFIRST REIT in May 2007.

### (g) Share of profits of associates (net of tax)

Share of profits of associates (net of tax) was higher in FY 2007 primarily due to the recognition of our share of profits arising from the Group's 30% effective interest in Am ARA REIT Managers Sdn Bhd, the manager of AmFIRST REIT. AmFIRST REIT was listed on Bursa Malaysia on 21 December 2006.

- (b) Despite a higher operating profit generated for the financial period from 1 January 2007 to 31 December 2007, cash flows from operating activities decreased from \$\$17.3 million in 2006 to \$\$9.9 million in 2007. The decrease was primarily due to a decrease in the proceeds arising from the sale of units in REITs from \$\$25.6 million in 2006 to \$\$11.0 million in 2007.
- (c) The net cash flows used in investing activities amounted to \$\$22.4 million in 2007 (2006: \$\$344,000). This was primarily due to (i) \$\$21.9 million for the purchase of a 12.5 % interest or 53.7 million units of AmFIRST REIT in May 2007 at RM0.93 per unit; and (ii) \$\$0.2 million for seed capital for the ARA Asia Dragon Fund.
- (d) Cash flows from financing activities amounted to S\$71.7 million in 2007. This was primarily due to (i) the IPO proceeds of \$75.6 million (net of IPO expenses) received on 2 November 2007; and (ii) the proceeds from the full draw down of a secured revolving credit facility of RM44.9 million to partly finance our acquisition of 53.7 million units of AmFIRST REIT in May 2007. The above cash flows were partially offset by the payment of interim dividends of S\$23.2 million.

### 4Q 2007 vs 4Q 2006

The Group has achieved a record set of results for this quarter.

Revenue was boosted by acquisition fees from Suntec REIT's acquisition of its one-third interest in One Raffles Quay which was completed on 30 October 2007, portfolio management fees from the first closing of the ARA Asia Dragon Fund ("ADF") on 20 September 2007, and performance fees from the divestment of the underlying assets in the Al Islami Far Eastern Real Estate Fund ("AIFEREF") in October 2007. AIFEREF turned in an excellent performance with an internal rate of return of 23.7%.

The Group's REIT base and performance fee income was also lifted by higher property values and net property income in the REITs managed by the Group. While this was partially offset by higher staff and other costs resulting from the increase in headcount of the Group, on the whole, the Group achieved significantly higher net profit and net margin for 4Q 2007 compared to 4Q 2006.

For the quarter, total assets under management increased by 18% from S\$8,872 million (US\$6,169 million) as at 30 September 2007 to S\$10,443 million (US\$7,261 million) as at 31 December 2007.

### FY 2007 vs FY 2006

Total revenue increased by 98% from S\$31.3 million to S\$62.1 million. This increase was primarily due to acquisition fees from Suntec REIT's acquisition, portfolio management fees from the first closing of the ADF, performance fees from the divestment of the underlying assets in AIFEREF, as well as higher base and performance fees as a result of significant increases in the property values and net property income in the REITs managed by the Group.

For the full year, the Group achieved a record net profit of S\$34.0 million, a 153% increase from FY 2006. The record profit was driven by the strong increase in revenue, as well as an improvement in net margins from 43% in FY 2006 to 55% in FY 2007. Return on equity for the listed Group stood at a commendable 34%.

During the year, the Group has successfully completed two closings of the ADF, bringing the aggregate committed capital for the fund to over US\$1 billion, and an additional US\$500 million allocated by a major investor for co-investments with the fund. The Group's REIT portfolio has also grown significantly in FY 2007, notably with the acquisition of a one-third interest in One Raffles Quay by Suntec REIT and revaluations for the properties in the various REITs managed by the Group.

Total assets under management of the Group rose by 56% during the financial year from S\$6,673 million (US\$4,639 million) as at 31 December 2006 to S\$10,443 million (US\$7,261 million) as at 31 December 2007.

Not applicable.

10. A commentary at the date of the announcement of the competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months

FY 2007 was a record year for ARA and the Group remains optimistic of its prospects for FY 2008.

The subprime mortgage crisis in the US and the resulting fallout has brought about increased risk aversion in global credit markets. While the ensuing credit squeeze and fears of a possible recession in the US impacting the global economy has led to increased volatility in financial markets, the Group is well-positioned to weather the current turbulence:

- The Group has an experienced management team in place with a proven track record of performance and growth;
- The Group is in an excellent financial position with a net cash position of S\$55 million as at 31 December 2007, and no need for additional debt for its current operations; and
- The bulk of the Group's income is secured in the form of management fees from the management of REITs and private real estate funds. The strong increase in total assets under management achieved in FY 2007 will provide a significant boost to the Group's recurrent income for FY 2008 and beyond, in particular, full year contribution of portfolio management fees from the ARA Asia Dragon Fund ("ADF").

As such, the Group remains confident of continuing our growth and strengthening our position as a leading real estate fund manager in Asia.

On the acquisition front, the acquisition by AmFIRST REIT of strata units in The Summit Subang USJ, a mixed commercial development in Kuala Lumpur, Malaysia for RM260.0 million is expected to be completed in 2008. The Group is also reviewing various acquisition opportunities for the other REITs

under our management, and is actively exploring increasing our REITs under management by setting up new REITs.

For our private funds, the Group has successfully completed the second closing of the ADF on 30 December 2007 to bring the fund's aggregate committed capital to above US\$1 billion, and an additional US\$500 million allocated by a major investor for co-investments with the fund. The ADF is currently seeking opportunities to place out the capital into real estate in Asia. Following the successful divestment of AIFEREF, the Group is looking to build on our track record to set up another Shariah-compliant fund targeted at investors from the Middle East.
